

How To Purchase NFA Title II (“Class 3”) Items from Hughes Precision Products LLC

www.HughesPrecision.com

General Information for NFA Firearms & Suppressors

National Firearms Act (NFA), Title II (Class III) items commonly available for purchase include select-fire machine guns (“full auto”) manufactured before 19 May 1986 (including certain parts for these firearms), short-barreled rifles and shotguns, suppressors (“silencers”) and any part comprising a suppressor, and a selection of firearms identified as Any Other Weapons (AOW). So-called “Destructive Devices” are also NFA items, but not commonly available to purchase.

For more information on AOW firearms, please refer to the following link:

<https://www.atf.gov/firearms/firearms-guides-importation-verification-firearms-national-firearms-act-definitions-any>

Why NFA?

Your choice to purchase NFA items is protected by the Second Amendment. If you have never experienced the fun and pride in being an NFA firearm or suppressor owner, give an NFA item a try.

Many ranges throughout the United States offer the chance to shoot full-auto machine guns, short-barreled rifles and suppressors, and more individuals are buying them every day. It’s all up to you to take the next step toward ownership. Please let us know how we may be of assistance, and thank you!

Individuals, Corporations, and Trusts

Where permitted, purchase and ownership of Title II firearms and suppressors is available to Individuals, Corporations, and Trusts. Which entity you choose in order to complete the paperwork for Title II purchases is up to you, but we recommend getting qualified advice from a knowledgeable source, such as an attorney who is well-versed in NFA law. We can report that many people are utilizing Trusts, but if you use a trust, be certain your trust does not violate the NFA; the repercussions can be substantial.

How much does it cost?

An individual purchasing an existing NFA item – other than an AOW item – is required to pay a one-time \$200 transfer tax to the Bureau of Alcohol, Tobacco, Firearms, and Explosives in addition to the purchase price of the item and the receiving dealer’s transfer fee. The AOW firearms transfer tax is only five dollars, plus the purchase price of the item and the receiving dealer’s transfer fee. Should the item be transferred to another person in the future, a separate transfer tax must be paid at that time by the new prospective owner.

What kind of forms to file?

Your transferring FFL will usually assist you with the filing of ATF form 5320.4, also known as “Form 4,” filed in duplicate. This form is required in order to transfer the NFA item from the receiving FFL to you. You should also submit one copy of ATF Form 5330.20 (Certification of Compliance), which is used to certify U.S. Citizenship. If you are filing within a trust, a copy of the trust goes along with the forms.

How long is the wait?

Wait time for ATF approval of the forms varies from as little as twelve weeks to several months. Currently, wait time is averaging a little over six months.

Purchasing a National Firearms Act (NFA) Title II firearm or suppressor online from HughesPrecision.com is really very easy!

Barring certain federal, state, or local prohibitions, an individual who is at least 21 years of age and currently able to purchase and possess any non-NFA firearms will also be eligible to purchase an NFA firearm from an NFA dealer.

You need only provide us with three things to complete an NFA item purchase online:

1. Payment: You pay us for the firearm or suppressor in full at time of the order (there are no layaway purchase plans for NFA items).
2. Federal Firearms License (FFL)
3. Special Occupational Tax License (SOT)

We must ship a Title II firearm or suppressor directly to your receiving FFL, so we require a copy of the receiving dealer's FFL and a copy of their SOT.

Prior to ordering from us, arrange transfer and shipment with your receiving dealer:

1. Find a licensed Class III FFL dealer in your area (sometimes called an "NFA" dealer)
2. Contact the dealer and let them know you would like to receive a Title II firearm or suppressor for transfer from HughesPrecision.com
3. Be sure to ask about their transfer fee for your NFA item (typically \$50-\$100)
4. If you agree to their fee, arrange the transfer with your NFA dealer (we do not arrange the transfer).
5. Provide your receiving dealer with our contact information so that the receiving dealer can send us a copy of their FFL & SOT (if not already on file with us).

Mailing Address:

Hughes Precision Products LLC
924 E Mullett Lk Rd Indian River, MI 49749

E-mail: jack@hughesprecision.com **Fax:** (231) 238-4485

6. Once you have selected an FFL for your transfer, please indicate the dealer's name on your order so we know where to ship your firearm or suppressor.

How to help the process go smoother...

- When choosing a Class III FFL dealer not already on file, please type the dealer's name in the COMMENTS section of your order.
- Please include your ORDER NUMBER on any correspondence you or your Class III FFL may send us.
- It is recommended to locate a Class III FFL dealer to transfer your item before you place your order.

--VERY IMPORTANT--

Once the firearm or suppressor is received by your Class III FFL, INSPECT THE FIREARM/SUPPRESSOR THOROUGHLY to make sure that there are no defects with the item.
If there are any problems whatsoever, DO NOT FILL OUT FORM 4!

Notify us and we will gladly have the firearm or suppressor picked up and returned to us. Once you fill out the Form 4, the firearm or suppressor is considered used and must be returned directly to the manufacturer for warranty repair or replacement. Hughes Precision Products LLC will not accept any returned NFA firearms or suppressors for any reason, other than a manufacturer's defect.

There is a 20% restocking fee on any returned NFA firearm or suppressor that is illegal in your state, or if you are prohibited to own an NFA firearm or suppressor.

--NO EXCEPTIONS--

The information on this page is for reference purposes only and not intended to be used as legal advice. Some states permit all types of NFA items, other states permit only certain types, and a few states do not permit NFA firearms or suppressors.

For more detailed information, please contact the local ATF office in your state, or the ATF/NFA branch in Martinsburg, West Virginia (304) 616-4500, or via e-mail: NFA@atf.gov

We have provided the following chart as a convenient reference for you to help determine the legality of NFA items in your state of residence.

(Please consult your receiving NFA dealer for the latest information concerning NFA transfers in your state of residence.)

NFA Guidelines
